Board Certification : Nephrology, Internal Medicine

Nephrology Fellowship : Detroit Medical Center, Wayne State University, Detroit, MI

Residency : Detroit Medical Center, Wayne State University, Detroit, MI

Professional Affiliations : American Society of Nephrology

As a child whenever I saw my doctor, I felt a sense of comfort knowing everything will be alright. I resolved to be a doctor myself to comfort people in the same way.

I feel happy to be able to make an impact in my patients' lives. Getting to know my patients and their families and being able to be there to provide comfort and care is what I feel most fortunate about.

My philosophy of care is to provide effective communication to the patient and also other physicians who are involved in the patient's care is very important in my opinion. I make sure to spend enough time to explain to patients in a way that they can understand and follow instructions.
