Bachelors of Science of Nursing (RN) : Salem State University, MA

OFFICE LOCATIONS: Lawton

DIALYSIS CENTERS: Fresenius Granbury, Davita Duncan, Altus, USRC Sooner,

Davita Anadarko

When I first joined Dallas Renal Group and saw 'Leaders in Kidney care' on our logo, I thought how can I be a leader in my own unique way as a Nurse Practitioner? I immediately thought of my favorite leadership quote that says, "A Leader knows what they want people to remember them by". In DRG, we make a positive impact on our clients in every encounter. I believe that listening and teaching is very crucial to patient care. So I spend as much time as needed listening and teaching my patients about their Kidney health. A kidney diagnosis can be daunting. When our patients leave me, they are knowledgeable and much more empowered about their health.
